

# Microsoft Azure Dev Tools for Teaching sign-up instructions – Off campus

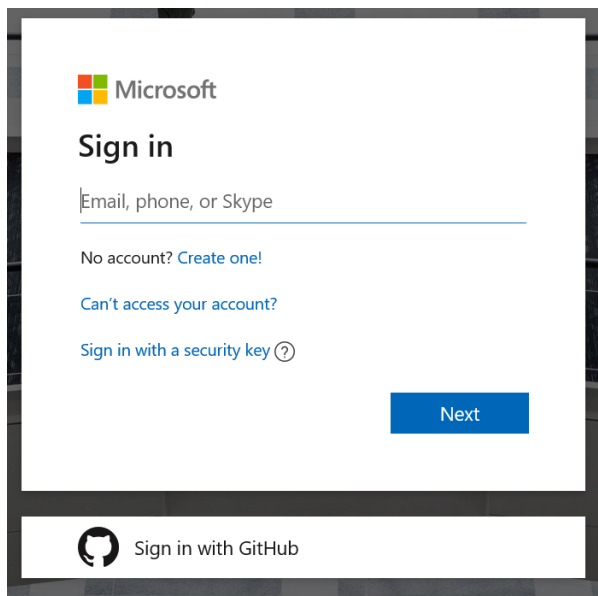

Open a web browser (for these instructions we used Firefox)

Navigate to the Microsoft Azure site: <https://azureforeducation.microsoft.com/devtools>

<https://azureforeducation.microsoft.com/devtools>

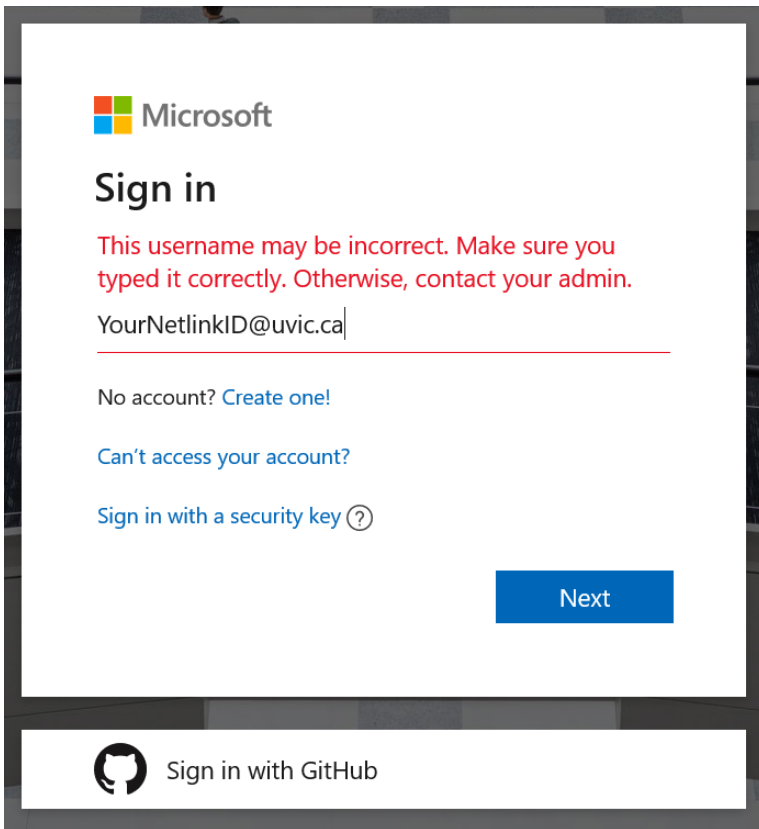

The screenshot shows the Microsoft Azure website's sign-up page for Dev Tools for Teaching. The browser address bar shows the URL <https://azureforeducation.microsoft.com/devtools>. The page header includes the Microsoft Azure logo, contact information (1-800-867-1389), and navigation links for My account, Portal, and Sign in. A navigation menu lists Overview, Solutions, Products, Documentation, Pricing, Training, Marketplace, Partners, Support, Blog, and More. A cookie consent banner is visible. The main content area features the heading "Azure Dev Tools for Teaching" and a "Sign in" button. Below the button, there is a note about using the email from a previous Imagine subscription and a link to a help guide.

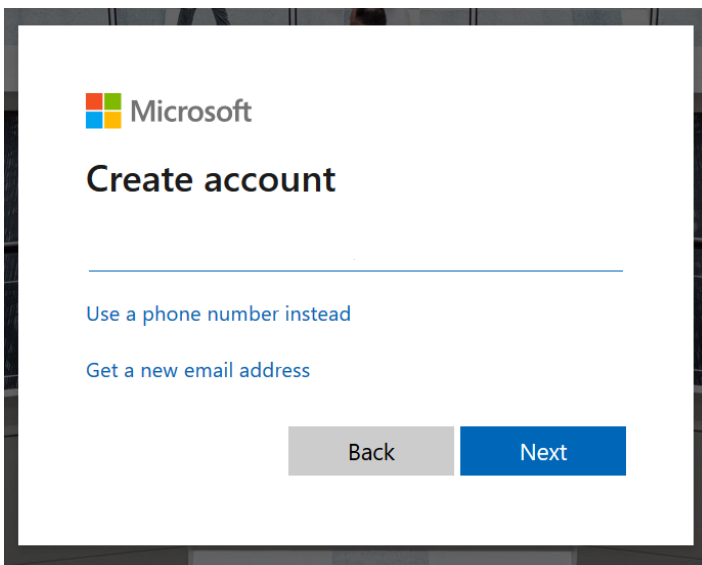

The screenshot shows the Microsoft sign-in page. It features the Microsoft logo at the top left, followed by the heading "Sign in". Below the heading is a text input field labeled "Email, phone, or Skype". Underneath the input field are three links: "No account? Create one!", "Can't access your account?", and "Sign in with a security key". A blue "Next" button is positioned at the bottom right of the sign-in area. At the bottom of the page, there is a "Sign in with GitHub" option with the GitHub logo.

If you are off-campus and get this error when you use your Netlink ID, you will need to go to the next step and create a new account that is linked to your UVic email. You can use your non-UVic email address to create a new MS account.

The screenshot shows the Microsoft sign-in interface. At the top left is the Microsoft logo. Below it is the heading "Sign in". A red error message reads: "This username may be incorrect. Make sure you typed it correctly. Otherwise, contact your admin." Below the error message is a text input field containing "YourNetlinkID@uvic.ca". Underneath the input field are three links: "No account? Create one!", "Can't access your account?", and "Sign in with a security key ?". At the bottom right of the sign-in area is a blue "Next" button. Below the sign-in area is a white bar with the GitHub logo and the text "Sign in with GitHub".

Enter your email address

The screenshot shows the Microsoft "Create account" page. At the top left is the Microsoft logo. Below it is the heading "Create account". There is a text input field for an email address. Below the input field are two links: "Use a phone number instead" and "Get a new email address". At the bottom of the page are two buttons: a grey "Back" button and a blue "Next" button.

## Create a password

Enter the password you would like to use with your account.

Thank You,  
The **Microsoft Academic Verification Team**

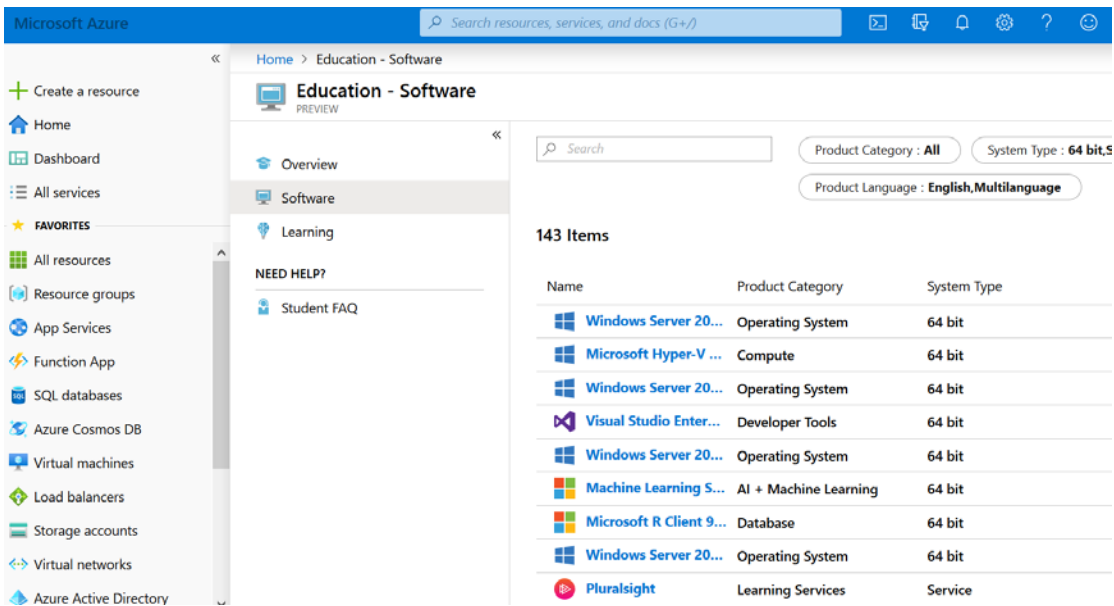

---

Go back to the tab that is on the Azure site and you will see that it has changed to “success”. Check the “agreement to the terms” and then click Accept terms.

You will now be logged into the MS Azure Dev Tools for Teaching site

Click on Software and you will get a list of the available MS software

If you navigate away from the Software list (ie. You click on Dashboard etc.) the easiest way to get back to the Education page is by typing “education” in the search bar and then under Services, click Education.
